FROM THE PRINCIPAL'S DESK

Apeejay Bhubaneswar, part of the 47-year-old Apeejay Schools, imparts quality education of global standards which is child-centric, activity based, develops a scientific temperament, and the spirit of free inquiry. The school is an endeavor of the 112-year-old Apeejay Surrendra Group, which has been a pioneer in social community work, inclusive society, and the development of values and ethics along with 21st-century competence in the students.

Our constant effort is to craft lifelong learners, global netizens, and innovative leaders who are committed to sustainable global growth.

The Apeejay School Bhubaneswar has experienced facilitators /teachers to nurture students' talents and overcome their shortcomings by providing appropriate and all-encompassing education. The teaching methodology elucidates learning through classroom study, research discovery, and field experience.

The school offers appropriate class strength, advanced technological instructions through SMART digital boards, SMART digital content, a Learning Management system portal, and personal attention inclusive of a genuine desire to care for each child's growth, safety, and challenging ambiance. Parents are encouraged to maintain close contact with the school. There is a desire to work in tandem so that home & school can have a shared sense of purpose and mutual respect with sharing of information, responsibility, and skills. Parents are and will always be a partner in the development of the Apeejay School Bhubaneswar.

I am thankful to all parents for their praiseworthy role, support, and belief in the progress of the Institution right from its inception to date. The fertile ground of education in the school is ready to bring a rich harvest of all-rounders with strong moral, social, and cultural values.

We believe that "observation more than books, experience more than persons, are prime educators".

Our educational objectives at Apeejay Bhubaneswar also encompass the following emotions:

- Endow with a holistic education,
- Self-disciplined, responsible, and well-adjusted personalities.
- Promote Multiple Intelligence to develop lateral talent.
- Inculcate in students an open outlook for life, respect for cultural diversity, and the beliefs and values of people in society.
- Radiate kindness and compassion in fulfilment of "Shakti (Strength), Drishti (Vision), and Prajyan (Wisdom)".

As the Apeejay School Bhubaneswar Principal, I want to build a learning community that celebrates differences, supports learning, and responds to individual needs.

Yours sincerely,

Atanu Rath
Principal
APEEJAY School, Bhubaneswar
